ABOUT US

Founded in 2014, Vested Metals International is a specialized metals supplier to the medical, defense, aerospace, transportation and energy industries. Its mission is to simplify the production process for U.S. and international companies by supplying them with the raw materials they need in the exact form they require.

Vested Metals is one of America's fastest-growing privately held businesses, being listed on the Inc. 5000 fastest growing companies in the U.S. and the Jacksonville Business Journal's (JBJ) Fast 50 for four consecutive years and JBJ Best Places to Work company in 2022.

Under the leadership of President and Founder Viv Helwig, VMI has developed a culture that is passionate about service and economic development beyond its walls. With the goal of raising and donating \$1 million in the next ten years of business, Helwig has spearheaded the First Annual Vested Metals Charity Golf Tournament in Honor of John Mark Leach.

**"It is more blessed to give than to receive."
Acts 20:35 NIV**

WHY GOLF?

Many people at Vested Metals love the game, but golf plays a **big** part in our story.

Steve Voguit was a professor at Flagler College for twenty years where our owner, Viv Helwig, was his student. Prior to his tenure at Flagler, Steve taught and coached a high school golf team in Pennsylvania for thirty years. During his transition from Pennsylvania to Florida, Steve worked at the Slammer and Squire golf course in St. Augustine, Florida.

The second character in our story is Eric Lamm. Eric was an executive in the steel industry and a former high school student of Steve's.

Fast forward 30+ years after high school graduation, one of Steve's former golfers and a teammate of Eric found himself playing a round at the Slammer and Squire course. As he was walking into the pro shop, he looked down and saw a brick with the name "Steve Voguit" engraved on it. He inquired about the brick and was told those were designated to golfers who have gotten a hole-in-one at the course. This former player was unable to connect with Steve that day, but made sure to mention the coincidence to Eric.

The next time Eric visited St. Augustine, he made it a point to reconnect with Steve. When Eric was ready to hire someone in Florida, Steve recommended Viv.

If it weren't for golf, a brick, and a genuine connection, Vested Metals International wouldn't be here today.

IN MEMORY OF

John Mark Leach

John Mark was our beloved colleague, friend, mentor, confidant and encourager that we lost in 2022 to a multiple year battle with cancer. A faithful follower of Jesus, John Mark "breathed life" into others by sharing what Christ had done for him. He lived with a Kingdom purpose to share the gospel spirit of hope with those around him.

John Mark will be remembered as a loving husband, proud father, adored brother, fun uncle, and kind friend.

Our hope is that this annual Charity Golf Tournament will remind us all of John Mark's heart for taking care of others.

May his impact continue to stretch far and wide.

ABOUT THE COURSE

St. Johns Golf Club

We are proud to host the First Annual Vested Metals Golf Tournament at a hometown course that has supported our community so well through the years.

The St. Johns Golf Club re-opened in November of 2022 after a seven-year planning period and year-long course closure for construction.

Come experience the course's "traditional throwback" design featuring wide fairways, Biarritz, Punchbowl and Redan green designs and square, low maintenance "coffin" bunkers.

Patrick Lencioni once said:

“Profit is how an organization knows that it is effectively fulfilling its purpose, but it falls short of providing the organization with a guide to what ultimately matters most. **The purpose of any organization is ultimately to improve people’s lives.**”

Thank you in advance for your partnership as we empower others to improve their lives. We are grateful for your support.
